

## Co-Branded Landing + Lead Gen Form

If you would like Quest to create this landing page for you, please complete our [Marketing Support Request form](#). Please include the offering ID for this page in your request.

Offering ID: CyberDS22

Addressing your time-sensitive cybersecurity needs has never been more critical. Keep your business safe with CyberDefense Suite.

[AGENT NAME] can provide you with Quest Technology Management's comprehensive CyberDefense Suite that includes the following cybersecurity features.

#### Email Security Protection

Defend against today's threats and common nuisances, such as phishing email, phishing, malware, spam and bulk mail.

#### Endpoint Device Security

Shorten incident response times and serve as the first step towards proactive, continuous threat hunting.

#### DNS Security

Continually block threats over any port or protocol before they reach your network or endpoints.

#### Firewall/IDS/IPS Monitoring and Alerting

Gain perspective on your network's overall security standing with valuable network threat information about attack types, devices being targeted, and more to further secure your network.

#### Quarterly External Vulnerability Scan

Identify weaknesses such as misconfigured firewalls, malware hazards, remote access vulnerabilities, to enforce security policies and compliance mandates.

#### Keep your business safe for as low as \$10/user/mo.

CyberDefense Suite is powered by industry-leading cybersecurity protection tools from Cisco, PaloAlto, and Blackberry/Cylance and is managed by Quest's Incident Response team with 30+ years' experience safeguarding hundreds of clients worldwide.

Let's have a conversation about how [AGENT NAME] can help your business achieve its IT and Cybersecurity goals. Book an appointment with our dedicated customer success team today!
